

Do you want to lead your own group pilgrimage to Italy?

If you want to lead a pilgrimage to Italy for your parish, school, retreat center, etc. we can customize your own itinerary exactly how you want it.

We can book all travel services for you through our company. Over the years, we have developed an extensive network of hotels, religious lodgings, transportation services, great local guides, etc. throughout all of Italy.

Customized groups make up about 75% of our groups each year.

Or, if you prefer to organize all aspects of the pilgrimage and book the travel services directly, we can help you as a consultant. There are a lot of particular issues to be aware of in Italy, and we will share our experience and knowledge with you. We have worked with various group leaders who have used this option as a fund-raiser for their parish, retreat center, or school.

We can offer a free space for each ten people registered.

Contact us for more information.
